vanced stages of the disease. AS PREPARED BY THE Rev. Dr. J. W. Bull, Baltimore, Md. For Sale by all Druggista.

tion, and for the relief of

onsumptive patients in ad-

Price 25 Cents.

PAC-SIMILE OF GENUINE PACKAGE.

Dr. Bull's Cough Syrup, the form-ula of which was discovered by Dr. John W. Bull, the world's most noted throat specialist, over 50 years ago, has stood the test against all other preparations and is today the only abitely sure and safe cure for cou cold, whooping cough, croup, bron-chitis or any throat affection.

It cures consumption. Dear Sire — We have used Dr. Bull's Cough Syrup for a number of years and found it very beneficial. We find it the best remedy for throat troubles which originate from colds, and only use a couple of 25c, bottles to relieve and cure. It is excellent for cough, which it cures in a short time. We keep it in the house all the time, and when my brothers have at times come home, after being out in the coid and damp, with a sore throat, a couple of doses at night and in the morning have cured them.

RACHEL E. VANBLARCOM.

56 N. Main St., Paterson, N. J.

Dr. Bull's Cough Syrup The Old Reliable Cough Cure

There is none "just as good as" Dr. Bull's Cough Syrup. The dealer who says so is thinking of his profit only. Don't let a dealer influence you into bu, ing some cheap substitute when your health or the health of some mem-ber of your family is at stake. Ask for "Dr. Bull's" and see that you get it. The accompanying illustration is a fac-simile of the genuine package. Sold at all druggists, large bottles, 25c. Be sure that the bottle you buy has on it the trade mark "A Bull's Head."

Dr. Buil's Cough Syrup will cure speedily and will leave the throat in a healthy, normal condition. It contains no heavily design. no harmful drugs.

The Question of Trolley Poles of Nichols Avenue.

Railway Company's Evasion of the Terms of Permit-Annual Report of the Commissioners Near Completion-Trees on Hartford Street.

ne time ago the Anacostia and Potonac River railway received a permit from the District to replace new wooden poles, about 125 in number, on their right of way on Nichols Avenue, from Sheridan evenue, Hillsdale, to Hamilton Avenue, Congress Heights. After the work began partment revealed the fact that the poles being erected were not such as were specified in the permit, and the work of erecting them was temporarily stopped. Several reports were made relative to the matter, and the Electrical Engineer dated, after new instructions were given to the company, that the poles being creeted were not up to the specifications, and he recommended that the company be required to remove those placed in posi-

On November 1, Captain Newcomer, asforwarded to the Board the following intement:

The poles that have been erected under this permit do not conform strictly to the requirements imposed by the Commissioners. The old poles that were to be replaced were of uniform size, square cross-sectioned, with beyeled edges, impering to the top, The new poles are tree trunks in their natural condition, varying several inches in diameter one from another, and some of them quite crooked if variation in size is to be allowed there are at least eight of the poles that should be removed on account of their crooked shape. If uniformity in size is demanded, the number of poles to be removed would be increased. These peles are not set vertically, but with tops inclining away from the roadway. The degree of inclimation, however, is not uniform for the different poles, I should judge these poles to be below the average grade of poles used for telegraph and telephone purposes, with regard to the requirements of being symmetrically shaped, straight, and of uniform size.

With this report, the papers in the case have been referred to the Board by Major Bladde, the Engineer Commissioner, for limit action.

John F. Cook, of HIS Sixteenth Street northwest, recently requested the refund-ing of the tax paid on 18.38 acres of land in Matropolin View for the year 1993. The untter was referred to the office of th Assersor, and he has now reported:

"Under the opinion of the Attorney for the District of Columbia, based on the act of March 3, 1877, he advises that and of March 3, 1877, he advises that and cometery was and its exempt from thatton from and after March 3, 1877, the date of said act of Congress, which opinion was approved and transmitted to this office, and the records noted as exempt, which notation was not applied to the tax sale of April 18, 199, for the tax of 188, on the tract of 1888 acres.
"It appears that Mr. Cook paid this sale bill under protest, as indicated on face of said bill, and he now claims refund of said bill, and he now claims refund of said bill, and he now claims refund of said payment in the amount of \$12.37.

"The conveyance to John F. Cook, trustee for harmony Cometery, of the 18 acres beers date of Janua y 4, 129, and the tax sale was dated April 19, 129, being for the tax of 185. Said sale was re-

It is understood that the Commissione introduction to their annual report, to be submitted to Congress. Some days ag they completed their annual estimates and it now remains for them to provide will be ready for the printer. Capt. L. H. Beach, before laying down the reins of office, prepared the report of the Engl neer Department, and it requires, it is stated, only the approval of the Board stated, only the approval of the Board for final acceptance. Upon Commissioners Macfarland and Ross rests the work of glying form to the retrainder of the re-port. This work, it is believed, is far advanced and the report is supposed, at the present time, to be nearly ready for submission to the Secretary of the Treas-ury, preparatory to its presentation to Congress upon the organization of that body.

It is likely that the report will undergo few changes while in the hands of the Public Printer, and that it will be com-pleted some days before Congress con-venes.

The Commissioners yesterday acted ipon several applications from the elecric companies. The Potomac Power Comonny had filed two requests. One was for permission to connect the premises of S Wendell, on the Tenleytown Road, with two-wire overhead service from a polin front. The other was for permission to connect the premises at the southeast corner of Lincoln Avenue and R Street cortheast with a two-wire overhead ser-

The United States Electric Lighting

The United States Electric Lighting Company had requested permission to connect premises at 18 C Street northwest with a three-wire overhead service from pole in the rear.

The Chesapeake and Potomac Telephone Company requested permission to string two wires from their cable pole at the corner of Eighth Street and Florida Avenue northwest, to the residence of N. J. Walker, 86 Florida Avenue northwest.

All these applications were reported upon favorably by the Electrical Engineer, and the Board was informed that they have authority to authorize the permits.

James F. McHugh recently wrote i willing to pay the cost of setting the curb in front of his premises on Hartford Street, Brookland, in order that tree planted. The letter was referred to Captain Newcomer, assistant to the Engineer Commissioner, who has referred
to the previous correspondence in this
case, and has recommended that Mr. McHugh be informed that it is not considered expedient to use the funds of the
Parking Commission to plant trees on
only a portion of a square at a time. He
is of the opinion that it is preferable to
have the growing trees uniform in size
and growth throughout the block. Captain Newcomer suggests that if carb is
set throughout the block and sidewalk
had that a request for the planting of
the trees will receive favorable consideration. o Captain Newcomer, assistant to the En

Dr. E. H. Allen has requested the Commissioners that an alley be opened through block 9. Prather's subdivision The computing engineer suggested that fice for such consideration as that office might be able to give to the necessity of opening an alley by condemnation to erve the property in the interest of pub ic health. Health Officer Woodward re orted that his department was unable ported that his department was unable to certify the ne-resulty of opening such alley. The computing engineer has recommended that the writer be notified that the writer be notified that the commissioners are not prepared to take action in the matter of opening an alley through this block in Prather's subdivision unless the same is requested by comers of property in #o block in the manner required by law.

Dr. Percy Hickling, visiting physician at the Washington Asylum Hospital, has forwarded to the Commissioners the esignations of H. Elizabeth Milton and Leonora Sherwood as Fuji nurses at the hospital, and has recommended that they be accepted. He further recommends that Anna Kennedy and Sarah Sheidon be appointed to the vacancies.
